**14th Asian Rowing Championships and 17th Asian Junior Rowing Championships
Hwacheon, Korea 13th - 17th October 2011**

Dear National Federations,

I would like to congratulate all teams on the high standard of competition of the 2011 Asian Rowing Championships and Asian Junior Rowing Championships Hwacheon in Korea. With the twenty countries and regions competing in the championship I'm pleased to see that ten countries and regions won medals. This demonstrates very well the growing strength of Asian Rowing.

On behalf of Asian Rowing Federation, I wish to invite your continued strong support for 2012 Olympic Qualification Regatta for Asia and for 2013 World Rowing Championships, both of which will be held in Chungju, Korea. Strong participation from Asian teams is important to the success of the events.

The Asian Rowing Federation will continue to work for the development of rowing in Asia. With the strong support of national federations I am confident that Asians Rowing will grow strongly in the coming years.

A handwritten signature in dark ink, appearing to be "Jong-Chul LEE", written in a fluid, cursive style.

Jong-Chul LEE

President

Asian Rowing Federation
